PROJECT NAME	RADIO-THON											
PROJECT DESCRIPTION	Radio-thons held on SBS Radio, Program in Croatian language, have always proved to be successful. The good policy is what is successful let's keep doing it! It is the simplest and the easiest way to raise money. We will approach the management of SBS Radio for another radio-thon in the 2 nd half of 2006.											
PROJECT BENEFITS / PURPOSE	The CSF Treasury would most likely be better off by \$10,000 to \$15,000 earned in one hour time. If well prepared a few months ahead Australia-wide, it will also be a great promotion of CSF and its aims and objectives amongst thousands of listeners.
